

HAMPSHIRE COUNTY COUNCIL**Decision Report**

Decision Maker:	Executive Lead Member for Children's Services and Deputy Leader
Date:	13 March 2017
Title:	Short Breaks for Disabled Children – Grants for 2017-18
Reference:	8059
Report From:	Director of Children's Services

Contact name: Suzanne Smith, Head of Integrated Procurement, Commissioning and Placements

Tel: 01962 845450

Email: Suzanne.smith2@hants.gov.uk

1. Executive Summary

- 1.1. The purpose of this paper is to seek the approval of the Executive Lead Member for Children's Services for Short Breaks grants to be allocated to the value of £1,973,981.48 to voluntary sector and other organisations in Hampshire for 2017-18.
- 1.2. This report includes details of funding for Parent Voice, which will be used to provide impartial information, advice and support for parents, children and young people with special educational needs and disabilities (specifically matters relating to health and social care, including support on the take up and management of personal budgets).
- 1.3. In addition, the report also includes details of funding for Hampshire Parent / Carer Network (HPCN) to enable effective co-production and participation by parents / carers in service development and evaluation.
- 1.4. Summary of analysis of the types of activities being funded by the Short Breaks grant by number and by value is provided in Appendix 4.

2. Contextual information

- 2.1. The Breaks for Carers of Disabled Children Regulations 2011 bring into effect Paragraph 6(1)(c) of Schedule 2 to the Children Act 1989 (inserted by section 25 of the Children and Young Persons Act 2008), requiring local authorities to provide services to assist individuals who provide care for disabled children to continue to do so, or to do so more effectively, by giving them breaks from caring.

- 2.2. The Childrens Act 1989 S17 (11) (and Regs) state that “a child is disabled if he is blind, deaf or dumb or suffers from mental disorder of any kind or is substantially and permanently handicapped by illness, injury or congenital deformity or such other disability as may be prescribed”.
- 2.3. The Regulations also define short breaks with the caveat that provision shall be made, in so far as is reasonable and practicable, for a range of services which are sufficient to assist carers to continue to provide care or to do so more effectively. In particular the local authority must provide, as appropriate, a range of:
- day-time care in the homes of disabled children or elsewhere;
 - overnight care in the homes of disabled children or elsewhere;
 - educational or leisure activities for disabled children outside their homes;
 - services available to assist carers in the evenings, at weekends and during the school holidays.

3. Budget position

- 3.1. The grants referred to in this report are proposed as part of the whole range of provision for children with disabilities short breaks services (including specialist services such as overnight breaks). The range of services is described in the council’s Short Breaks Service statement - <http://documents.hants.gov.uk/childrens-services/2014-03-26CWDSSBMJShortBreaksServiceStatementupdated2014.pdf>.
- 3.2. The short breaks programme supports up to 8,392 disabled children and young people to access short breaks activities and services. There is one grant round per annum for larger grants (£5,000 and over) for Short Breaks. As has been the case in previous years, grants of under £5,000 will continue to be awarded by officers under delegated powers. The funding remaining for smaller grants for 2017-18 is £395,018.52.
- 3.3. The distribution model used for Short Breaks is based on the funding being allocated to districts using five key indices, each with an individual weighting, which calculates a budget allocation per district. Small adjustments to the area allocations were made to ensure money was available to allocate to valued activities which cover the whole of Hampshire, as set out in Table 1 below.

Table 1

Elements	Data Source	Weighting
Population Aged 0-19	SAPF 2016 (0-19) Small Area Population Forecast for children and young people aged 0-19 for all Districts in Hampshire 2016	10%
Deprivation	IMD The Index of Multiple Deprivation is the official measure of relative deprivation for small areas (or	10%

	neighbourhoods) in England	
Disability Living Allowance	DLA Disability Living Allowance claimants are people who become disabled before the age of 65.	35%
Special Educational Needs	SEN/EHCP An average figure of young people aged 0-19 with Statements and Education Health Care Plans (EHCPs)	35%
Rurality	% LSOA classed as Rural The percentage of lower super output areas (LSOA's) classed as rural areas. LOSA's are defined areas designed to be of a similar population size with an average of 1,500 residents each and are a standard way of dividing up the country. There are 32,844 in England	10%

4. Criteria and purpose of grant

- 4.1. The purpose of the short breaks grants programme is to support the County Council's duty under the Breaks for Carers of Disabled Children Regulations 2011 described in section 2 above.
- 4.2. Short Breaks grants are awarded to a range of organisations providing safe, fun and interesting activities for disabled children and young people aged 0-19 years, who live in Hampshire or attend a Hampshire school. These activities take place outside of school time (for school-aged children); during evenings, weekends, holidays and after-school. Further information about eligibility to apply for short breaks grants is available at the Hampshire grants webpages: www.hants.gov.uk/grants/childrens-services-grants.htm
- 4.3. Grant applications were evaluated by panels that included parent and service user representatives as well as Hampshire County Council Children's Services staff.
- 4.4. The decision making process was challenging for this grant round as the value of grant applications exceeded the district budget allocation for short breaks.
- 4.5. The evaluation framework used by the evaluation panel to award grants included:
- 4.5.1 Demand and interest from children, young people and their parents/carers, including uptake of current activities and their feedback
 - 4.5.2 Ensuring a mix of activities that are specialist for children and young people with disabilities; and activities that include disabled children and young people in mainstream activities
 - 4.5.3 Coverage for different age groups within areas, and for different disabilities and levels of support needs

- 4.5.4 Value for money
 - 4.5.5 Continuity for existing activities that are successful and relied upon by families
 - 4.5.6 A fair geographical spread of activities throughout Hampshire and within local areas.
- 4.6. An Equality Impact Statement has been completed for Short Breaks (see Appendix 1) and the Short breaks Activities programme proactively supports access to a range of activities and opportunities for disabled children and young people.

5. Grants Recommended for Approval

- 5.1. Approval from the Executive Lead Member for Children's Services is sought for grant awards of £5,000 and over totalling £1,973,981.48. These grants will provide a range of services across Hampshire for disabled children from 1 April 2017 to 31 March 2018 and are detailed in Appendix 2.
- 5.2. Applications for in house projects were subject to the same evaluation and scrutiny process, but the funding (if approved) will be managed by way of a transfer of funds rather than a formal grant award. Hampshire County Council project awards recommended for approval total £78,248.87 and are identified in Appendix 3.
- 5.3. In recent years, Parent Voice has been awarded an annual grant to provide Information and Advice Services, incorporating the statutory Local Offer. From April 2017, the Local Offer and Hampshire Gateway services will be delivered by Hampshire County Council as part of an initiative to improve families' experiences of searching for support, and reduce the number of disparate sources of information and guidance available to families. The recommended grant award to Parent Voice is £150,000 and will be used to provide impartial information, advice and support for parents, children and young people with special educational needs and disabilities.
- 5.4. A grant of £35,000 is recommended for award to Hampshire Parent / Carer Network (HPCN). This will enable the participation of local parents/carers in Hampshire County Council's work on the planning, design and evaluation of all services for disabled children and young people to continue.

6. Recommendations

- 6.1. That the Executive Lead Member for Children's Services:
 - 6.1.1 Approves the Short Breaks grant applications of £5,000 and over for 2017/18, totalling £1,973,981.48 to the organisations as listed in Appendix 2;
 - 6.1.2 Notes and approves the funding allocations to Hampshire County Council departments totalling £78,248.87 also in Appendix 3.

- 6.1.3 Approves the grant for Parent Voice Information, Advice and Support Service of £150,000 and Hampshire Parent / Carer Network of £35,000.

IMPACT ASSESSMENTS:

1. Equality Duty

1.1. The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

Eliminate discrimination, harassment and victimisation and any other conduct prohibited under the Act;

Advance equality of opportunity between persons who share a relevant protected characteristic (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, gender and sexual orientation) and those who do not share it;

Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

Due regard in this context involves having due regard in particular to:

The need to remove or minimise disadvantages suffered by persons sharing a relevant characteristic connected to that characteristic;

Take steps to meet the needs of persons sharing a relevant protected characteristic different from the needs of persons who do not share it;

Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity which participation by such persons is disproportionately low.

1.2. Equalities Impact Assessment:

An Equalities Impact Assessment has been completed for the Short Breaks programme and along with our stakeholders we will continue to progress the action plan as agreed. The proposals support that the needs of disabled children and their carers are met within local services and that parents and their representatives have an opportunity to be consulted and to influence services.
