Ordnance Survey data is the property of Network Rail. It must not be passed to any external third party without the express permission of Network Rail. Local Survey and other data provided by the Geo-RMM viewer are to be used as additional sources of information to those which you currently use. It does not replace – and should not be used in place of – existing data sets owned by Geo-RMM Viewer, business processes or other procedures used to manage your assets or operations. Moreover, the use of any data provided through the Geo-RMM Viewer should always be carefully considered in the context of your specific requirements and business objectives. Network Survey data, and all data made available by the Geo-RMM viewer is provided on an 'as is' basis. As such, consistency and accuracy of data varies, users should always evaluate the impact of these factors in the context of their particular circumstances and seek advice from Asset Information where further guidance is required.
