Cllr Rob Mocatta

Chair Universal Services Select Committee

Hampshire County Council

The Castle

Winchester SO23 8UJ

Dear Rob

As Chairman of the Select Committee for Children and Young People, I feel that we need to **look holistically** at the question of transport considering SEND pupils, school transport, Adult Social Care and community transport.

A wider piece of work is needed. My feeling is that we are not using our transport budgets efficiently.

There is commonality with Adult Social Care transport, school transport and Community transport which could result in overall savings for the County's transport budget. Given the escalating costs of school transport this wider piece of work is crucial.

It is vital that we in children's services and education have a voice in this wider piece of work.

Yours Sincerely

Juliet Henderson

Chairman Children and Young People Select Committee

County Councillor for Candovers, Oakley and Overton Division
