

Part 2: Chapter 4

Delegations to Chief Officers

1. Chief Officers' delegated authority

- 1.1. The general principles behind the delegated authority (powers) of Chief Officers are as follows:
 - 1.1.1. if a function, power or responsibility has not been specifically reserved to the County Council, a Committee or the Executive, the Chief Officer within whose remit the matter falls is authorised to act;
 - 1.1.2. the County Council, its Committees and the Executive will make decisions on matters of significant policy. Chief Officers have express authority to take all necessary actions to implement County Council, Committee and Executive decisions that commit resources, within agreed budgets in the case of financial resources, as necessary and appropriate;
 - 1.1.3. Chief Officers are empowered to take all operational decisions, within agreed policies, in relation to the services for which they are responsible;
 - 1.1.4. in relation to all delegated authority conferred on Chief Officers by this Constitution, the Chief Executive may allocate or re-allocate responsibility for exercising particular powers in the interests of effective corporate management or as he or she thinks fit;
 - 1.1.5. where there is doubt over the responsibility for the exercise of a delegated power, the Chief Executive, or his or her nominee, is authorised to act.

These delegations should be interpreted widely to aid the smooth running of the County Council, the effective deployment of resources and the efficient delivery of services.
