1. The decision:

- 1.1. That a Traffic Order be implemented under the Road Traffic Regulation Act 1984, the effects of which will be to introduce a No Right Turn out of the road leading from the new development onto Minchens Lane and a No Left Turn from Minchens Lane into the road leading to the new development, for safety reasons.

2. Reasons for the decision:

- 2.1. The proposed banned manoeuvres in and out of the development site is essentially a planning requirement and in response to a detailed assessment for the purposes of managing the overall transport impact of the development on the highway, through ensuring that safety is maintained as part of the planning application for the 200 new homes east of Minchens Lane. The scheme, which is being complemented by an extension to the existing 30 mph speed limit in a north-westerly direction, will have the benefit of promoting travel by more sustainable modes whilst ensuring that the safety of pedestrians and cyclists is not compromised.
- 2.2. No objections were received in response to the public consultation which took place between 07 April 2017 and 05 May 2017. In addition to placing notices in the vicinity of the development, a public notice appeared in The Independent on 07 April 2017. Copies of the notice, draft Order, statement of reason, existing Orders and drawings of the site are on display at Tadley Library, Basingstoke & Deane Borough Council and Hampshire County Council offices where they will remain for six weeks after the Order is sealed. These documents also appeared on the public notices website during the public consultation period.
