Department Culture, Communities and Business Services

Date of Assessment 18 May 2017

### Description of Service / Policy

HCC manages a number of country parks and activity centres across the county, which offer a variety of activities including indoor activities, sports, camping, guided walks, seasonal events & corporate days. Activities are offered to a range of service user groups including schools, businesses, families, campers and other adult and child groups. Calshot, Staunton, Royal Victoria, Manor Farm, Lepe & Queen Elizabeth all offer onsite parking which is managed through a Pay and Display system. Compliance with parking charges was approximately 64% across all sites in 2014/15, and there are currently insufficient resources to undertake enforcement.

Geographical impact\* All Hampshire

### Description of proposed change

To install Automatic Number Plate Recognition (ANPR) parking systems at five Country Parks and Calshot Activity Centre, which will replace the current Pay & Display systems. ANPR technology utilises computers and security cameras for automatically reading vehicle number plates in an effort to enforce parking charges and increase security. The fully implemented system will also increase the quantity and quality of data collected for each site. In an effort to mitigate against any privacy impacts a privacy impact assessment was conducted on 07/03/17 and subsequently approved by the Departmental Senior Information Risk Owner. The ANPR system meets the requirements of Blue Badge holders not being charged.

#### Engagement and consultation

Has engagement or Yes consultation been carried out?

Engagement has taken place with Country Park Staff and forums are planned to take place with other key stakeholders (site users other than visitors e.g scouts club, sailing club, residents). Although parking charges are currently in place the compliance rate for visitors adhering to these charges is low. The implementation of the ANPR would guarantee that visitors pay for their parking and therefore increase compliance close to 100%.

# **Equality Impact Assessment**

No specific Hampshire wide consultation has been carried out on this proposal, however, the County Council carried out a major public consultation exercise over the Summer 2017 on a range of options for finding further budget savings including increasing council tax, using reserves and making changes to the way in which services are delivered, which may mean reducing or withdrawing certain services. The outcome of this consultation will be presented to Cabinet in September 2017.

When decisions are made to pursue the options, further specific Hampshire wide consultation will be carried out with stakeholders on the detailed options where required.
