28. CHAIRMAN'S ANNOUNCEMENTS

The Chairman thanked the previous Chairman, Councillor Simon Bound, for his contribution and dedication to the Panel over the previous two years.

The Chairman also offered thanks to Councillors Stuart Bailey, Geoffrey Blunden, John Gledhill and Sarah Powell-Vaughan, who had served on the Panel during the previous year, noting that Councillor Stuart Bailey would remain with the Panel as a deputy Member.

New Members to the Panel were welcomed by the Chairman, who noted that an induction and training event would be held for all Panel Members ahead of the next meeting in October.

Following the announcement of the recommendations of part two of the PCC Review, the Chairman noted that the Panel had led on producing and agreeing a combined submission to the Home Office from Panel Chairman across the South-East region, regarding enhancing the support model for PCPs. Following receipt, the Home Office and their consultancy team had asked to attend a meeting of the south-east region support officers, hosted by Hampshire and Isle of Wight PCP, and that the Democratic Support Officer had recently attended a Home Office workshop on the development of the new support model.

The Chairman thanked the Commissioner for arranging a recent visit for the Panel to the Constabulary training facility at Netley, which had included a visit to the Contact Centre control room. The Chairman also congratulated Commissioner on her recent appointment as Chair of the Association of Police and Crime Commissioners (APCC).

29. POLICE AND CRIME COMMISSIONER'S ANNOUNCEMENTS

The Commissioner gave an overview of activity undertaken by her and her office during the previous quarter, through which it was highlighted that:

- During May, Hampshire and Isle of Wight Constabulary committed 31 days of intense action. This high visibility policing approach, driven by the new Chief Constable, had achieved some very significant results, including 438 arrests, 1305 seizures and 1321 enforcement actions. Additionally, during Operation Sceptre, a national week of action to tackle knife crime, the Constabulary had increased stop and search activity, seizing 123 knives and making 17 arrests. Members heard that following the success of the intense action, which had re-invigorated the force, this would now form part of the business-as-usual model for policing.
- £1million had been awarded by the Commissioner to co-commission a project with Probation and Public Health working with stalking perpetrators. The Commissioner also announced new stalking advocacy support service for victims, which was being provided in partnership with Stop Domestic Abuse.
- Speed cameras had been installed on the A32 and A272, as part of a £677,000 pledge by the Commissioner to make roads safer.
- In June, the Chief Constable had announced his new priorities, including a new geographical policing model which would focus on bringing police officers closer to their communities. The Commissioner invited the Panel to meet with the Chief Constable in September to provide further detail of the strategic priorities within the new operating model. The Commissioner also confirmed that the Chief Constable would attend the next Panel

meeting in October, where the update on the Police and Crime Plan would focus on contact management and the police 101 service.

- The second and third rounds of the Commissioner's Emerging Needs Fund opened in June to help tackle knife crime and serious violence among young people, with a further round in July to focus on crime prevention. £5k in funding was also pledged by the Commissioner to help tackle anti-social behaviour (ASB) in Rushmoor during the summer months.
- ASB awareness week was held in July, with the Commissioner delivering a public awareness campaign in partnership with Resolve on the community trigger process.
- Drug testing on arrest had been rolled out across all districts within the policing area to enable diversionary help to be offered to those arrested for trigger offences when released from custody. In response to Members questions it was heard that testing positive for drug use was not a chargeable offence, but was an opportunity to help the individual and prevent future drugs use.
- The benefits of the 100% dwelling burglary attendance were starting to be realised, and the new approach not only allowed the force to improve the initial attendance to a burglary, but also the opportunity to provide preventative guidance to residents.

30. **POLICE AND CRIME COMMISSIONER - EFFECTIVE AND EFFICIENT POLICING**

The Panel received an update from the Commissioner on her oversight of the performance of the Constabulary, including the findings of the recent PEEL inspection. Members heard that:

- The outcome was a fair representation of where the force was at the time of the inspection, and similar to most other forces across the country.
- Areas highlighted for improvement were preventing crime and responding to the public. The Commissioner felt it was helpful that the inspector had provided specific areas for improvement, which would be addressed and assessed through a further in inspection within the next 12 months.
- A particular concern raised was the abstraction of neighbourhood Police Officers to respond to emergency and semi-emergency calls, and the Commissioner was confident that the new operating model would address this.
- In terms of response to public, the Commissioner recognised that the SARA (scanning, analysis, response, assessment) model was not being used as effectively as would be expected by the Constabulary when recording crime, and that partner organisations and residents had expressed concerns that the police weren't responding to the crimes they should. The Commissioner had confidence that the new officers brought in through the uplift programme, in combination with the new operating model would address this going forward.

RESOLVED:

That the update on Effective and Efficient Policing was noted.

31. **POLICE AND CRIME COMMISSIONER - POLICE AND CRIME PLAN PERFORMANCE AND DELIVERY**

The Panel received a presentation from the Commissioner providing an update against delivery of the Police and Crime Plan, with a specific focus on rural crime and tackling unauthorised encampments, through which it was heard that:

- The letter from the Chairman and the input from the meeting of the working group had been very helpful in defining the information to be presented to the Panel.
- The Commissioner had run a number of engagement events to update partner organisations on changes to legislation in relation to and the impact of unauthorised encampments. As part of this process the Commissioner and her team looked at examples of best practice nationally and shared these with local authority partners.
- Data was shared demonstrating the number of reported incidents of unauthorised encampments, to the Constabulary, since 2021, with 45 reported incidents since April 2023 for the year to date. A recent example was shared, highlighting the community impact of the unauthorised encampment and how the Constabulary had taken action to address this.
- The Commissioner raised with ministers the ambiguity caused by the use of the wording 'significant impact' within the legislation, which was now being reviewed at a national level with the Commissioner invited to contribute.
- There were seven rural beats and six urban across the force area, with a number containing both urban and rural conurbations.
- A further case study was shared demonstrating how the Commissioner was supporting efforts to enhance policing visibility in rural communities, through the provision two new 4x4 ranger vehicles.
- The Commissioner's office had launched an online rural crime booklet to support residents to keep themselves safe from crime.

Cllr Lashbrook left the meeting at this point.

In response to questions from the Panel it was heard that:

- The Commissioner was keen to increase local policing visibility and had set aside £2m of funding to provide police front counters at new locations, including on local high streets.
- The Commissioner was looking at areas where safer camera partnerships had been successful and was currently considering how this might be implemented across Hampshire and the IOW, with the Commissioner providing funding for CCTV and deployable CCTV.
- The Commissioner had raised suggestion regarding the use of local temporary sites, to manage the flow of unauthorised encampments, with an on call rota between the 14 local authorities across Hampshire. Whilst this wasn't supported by local authorities, due to concerns that this might draw in more activity from outside the county, the Commissioner continued to work with local authority partners to consider the availability of properly designated temporary sites.

- Members raised the importance of consistency in how unauthorised encampments were being attended and addressed by the Constabulary. The Commissioner explained that the police cannot use powers under section 61 of the Criminal Justice & Public Order Act 1994, until the community impact of an unauthorised encampment has been assessed to as significant within the meaning of the legislation.
- DISC was providing an effective two-way engagement between the Constabulary and business owners. The Commissioner was still considering options for a mobile application to enable members of the public to report concerns in a similar way.
- A new joint performance framework was being finalised between the Chief Executive, OPCC, and the newly appointed Deputy Chief Constable and the Commissioner would bring this to the Panel for visibility once finalised.
- Whilst it was difficult to measure local trust and confidence in policing, the Commissioner sought to understand this through surveying residents and victims of crime throughout the year.

RESOLVED:

That the update on the performance and delivery of the Police and Crime Plan was noted.

32. POLICE AND CRIME PANEL - ANNUAL REPORT

The Chairman introduced the Panel's draft annual report for the 2022/23 municipal year.

The Chairman noted that the Democratic Services Officer would prepare a list of the recommendations agreed by the Panel across the previous municipal year, to be shared with the OPCC and confirm the response to each. Members heard this would be appended to the annual report, to demonstrate the outcomes and effectiveness of the PCP's scrutiny of the Commissioner, and will be shared at the Panel's next meeting in October.

RESOLVED:

That the Panel received and agreed the draft annual report.

That, following the meeting and addition of a foreword from the Chairman, the final report will be published and circulated to all local authorities in the Hampshire and Isle of Wight Policing Area.

HAMPSHIRE AND ISLE OF WIGHT POLICE AND CRIME PANEL

Report

Date considered:	20 October 2023
Title:	Working Group Arrangements
Contact:	Democratic Services Officer to the Panel

Tel: 0370 779 0507

Email: hampshire.iow.pcp@hants.gov.uk

Purpose of this Report

1. The purpose of this paper is to set out a proposal to remove the Policy and Performance Working Group and Precept 2024/25 Task and Finish Group, which operate under the Hampshire and Isle of Wight Police and Crime Panel (PCP) to be replaced with a programme of training and briefing events for all Members of the Panel.

Recommendations

2. **That the Panel agrees to remove the Policy and Performance Working Group and the Precept 2024/25 Task and Finish Group.**
3. **That the Panel notes that a programme of training and briefing events, available to all Members of the Panel will be scheduled during 2023-24.**
4. **That delegated authority be given to the Democratic Services Officer, in consultation with the Chairman of the Panel, to submit a letter to the Commissioner in advance of each full meeting of the Panel outlining the information required from the Commissioner for the forthcoming meeting.**

Current Working Group Arrangements

5. The purpose of the Policy and Performance Working Group, operating as the Plan Working Group from May 2016 until July 2022, was to enhance the Panel's scrutiny of the delivery of the Police and Crime Plan. Consisting of five Members, appointed each year at the Panel's AGM, the working group meets quarterly, in advance of each meeting of the Panel to undertake an in-depth review of delivery against the Police and Crime Plan and suggest the

information to be provided by the Commissioner to the next meeting of the Panel to demonstrate delivery of the Police and Crime Plan.

6. At a meeting of the Panel on 8 July 2022 it was agreed that a Task and Finish Group meet between November and January each year to review the Commissioner's draft budget and precept proposals. This replaced the former Finance Working Group which had been introduced in 2012. The proposed membership of this task and finish group was five members, who would meet with the Commissioner's Chief Finance Officer on three to four occasions between November and February to review the development of the draft precept proposal.

Proposed approach

7. It is proposed that the Policy and Performance Working Group and the Precept Task and Finish Group be removed, and instead be replaced with an annual programme of briefing and training events for all Members of the Panel.
8. The programme will consist of four training/briefing days, each to be held a minimum of two weeks in advance of the scheduled meeting dates of the full Panel. The programme will encompass induction for new Members, skills and awareness training and topical updates from the Commissioner against the Police and Crime Plan. There will also be an additional virtual briefing held with the Chief Finance Officer in advance of the Panel's meeting in January to enable all Members of the Panel to be better informed regarding the context of the proposed precept, in addition to a more generalised briefing on budget and precept scrutiny during the normal programme.
9. To support preparations for public meetings of the Panel it is recommended that delegated authority be given to the Democratic Services Officer, in consultation with the Chairman of the Panel, to submit a letter to the Commissioner in advance of each full meeting of the Panel outlining the information required from the Commissioner for the forthcoming meeting. The request will be based upon the agreed work programme. Any Member of the Panel who wishes to contribute to or make a request for information to the meeting through this letter should make the Democratic Service Officer aware no less than 6 weeks in advance of a scheduled public meeting. A copy of the letter will be circulated, in confidence, to all Panel Members before each meeting for information.
10. It is anticipated that the full cost of the training/briefing programme will be met through the Panel's existing annual budget of £1,500 for training and will also provide for any increase in travelling expenses for co-opted Members to attend in-person events.

11. An initial briefing and member induction session was held on 16 October and, if the recommendations are agreed, further briefings will be scheduled in December/January, March and June and will consist of a mix of virtual and face-to-face events.

12. It is expected that this approach will bring about a number of benefits, including reducing demand on both PCP and OPCC officer time and removing duplication of effort, upskilling and providing greater context for all Panel Members to enable more informed and enhanced scrutiny of the PCC, and increasing transparency by removing working groups and bringing more discussion and challenge back to the main public meetings.

HAMPSHIRE AND ISLE OF WIGHT POLICE AND CRIME PANEL

Report

Date considered:	20 October 2023
Title:	Independent Co-opted Member Recruitment
Contact:	Democratic Services Officer to the Panel

Tel: 0370 779 0507

Email: hampshire.iow.pcp@hants.gov.uk

Purpose of this Report

1. The purpose of this paper is to propose a process to recruit to the Independent Co-opted Member vacancy on the Panel. Due to the timing, it is proposed to recruit to the second Independent Co-opted Member position at the same time as that will need to be re-appointed to at the AGM in 2024 for the next term of office.

Recommendations

2. **That the Panel agrees that, as a result of the resignation of one of the Panel's two Independent Co-opted Members, a recruitment process be undertaken to appoint two Independent Co-opted Members, one from January 2024 and the other from the date of the Panel's AGM in 2024, until the date of the Panel's AGM in 2028.**
3. **That the Panel agrees to appoint a cross-party Recruitment Task and Finish Group, in accordance with the Terms of Reference set out in appendix one of this report.**
4. **That the Panel agrees the membership of the Recruitment Task and Finish Group.**
5. **That nominations for appointment to the role of Independent Co-opted Member be recommended by the Recruitment Task and Finish Group to the meeting of the Panel in January 2024.**

Independent Co-opted Membership

6. The Panel's Rules of Procedure state that the Panel "must appoint two co-opted members who may not be members of the local authorities in the

Hampshire police area. Appointments will usually be for a four-year term (and subject to the terms of the Panel Arrangements on continuation in office), coterminous with that of the PCC.

7. At its meeting on 21 July 2021 the Panel resolved to appoint Mr Dave Stewart and Mrs Shirley Young as independent co-opted members of the Police and Crime Panel until the annual meeting of the Panel in 2024.
8. On 23 August 2023 the Panel received written notice from Mr Dave Stewart that he intended to resign from his role as Independent Co-opted Member with effect from 31 August 2023.
9. As the Panel is required both legally and in accordance with its Rules of Procedure to appoint two independent co-opted Members, it is proposed that a recruitment process is undertaken ahead of the next Panel meeting in January 2024, to be led by a cross-party task and finish group of the Panel.
10. Due to the proximity of the end of the term for the currently appointed independent co-opted Member it is recommended that candidates are sought for two independent co-opted Members, one to start in January 2024 and the other to start with effect of the Panel's AGM in 2024. Both appointments will be made until the Panel's AGM in 2028.
11. It is proposed that a cross-party task and finish group, comprising three members of the Panel, forms a selection Panel to consider any applications received, produce a shortlist of candidates for interview, host interviews and make recommendation for appointment to the Panel at its meeting in January 2024. A proposed terms of reference for the task and finish group is provided at Appendix 1.

Report

Date considered:	20 October 2023
Title:	Legal Support to the Panel
Contact:	Democratic Services Officer to the Panel

Tel: 0370 779 0507

Email: hampshire.iow.pcp@hants.gov.uk

Purpose of this Report

1. The purpose of this paper is to inform the Panel of an upcoming review of the legal support arrangements to the Panel. This report further recommends that the Panel appoints a representative to support key stages of the procurement process.

Recommendations

2. **That the Panel notes the review of legal support arrangements, which will be led by the Democratic Services Officer.**
3. **That the Panel appoints a Panel Member as the representative of the Panel, who will support key stages of the procurement process as required.**
4. **That a report be brought back to the next meeting of the Panel confirming the outcome of the procurement process.**

Legal Support to the Panel

5. The Panel has received legal support from Portsmouth City Council's legal services team since its inception in 2012. A report was brought to the Panel on 4 October 2019, proposing that the legal contract be re-tendered for the period April 2020-March 2024. Following due process, the contract was awarded to Portsmouth Legal Services.
6. The Chairman was informed that the contract for legal support would be re-tendered for the period from April 2024-March 2028, and six-months' notice was given to Portsmouth Legal Service in September 2023, in accordance with the agreed terms of business.

7. The tender process for legal services to the Panel will be made in accordance with Hampshire County Council's Contract Standing Orders (acting as the Panel's lead Authority and legal body). Due to the annual value of legal support to the Panel, set at £10,000 per annum this will be an officer led process.

8. It is proposed that an appropriate member of the Panel is involved in and consulted at key stages of the procurement to represent the views and needs of the Panel and its Members. As it is envisaged that local authority legal services teams within Hampshire and the Isle of Wight area are most likely to be in a position to submit a tender to the Panel, consideration will need to be given to any potential conflict of interest for Panel Members putting themselves forward.

9. It is further proposed that a report be brought back to the next meeting of the Panel, confirming the outcome of the procurement process.
