H2050-1	Grants (One-Off Competitive) – Review and consolidation of existing centrally administered competitive grants schemes which provide one-off grants to a range of community groups and organisations.	Changes may mean organisations would need to develop their business models to access alternative forms of funding and investment from other sources. This may include greater reliance on funding from national bodies, increasing the generation of income locally through voluntary donations or charging for a service contribution. If sufficient alternative funding cannot be identified, this may result in a reduction in community and cultural service provision.	481	481	481	0.00
