Hampshire County Council Code of Corporate Governance

Introduction

This Code of Corporate Governance is based upon the CIPFA / SOLACE document entitled “Delivering Good Governance in Local Government: Framework 2016 Edition.”

What do we mean by Governance?

‘The International Framework: Good Governance in the Public Sector’ defines ‘governance’ as comprising the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved. The Framework also states that to deliver good governance in the public sector both governing bodies and individuals working for them must try to achieve their entity’s objectives while acting in the public interest at all times.

The Code of Corporate Governance is based on seven core principles:-

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- B. Ensuring openness and comprehensive stakeholder engagement
- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits
- D. Determining the interventions necessary to optimize the achievement of the intended outcomes
- E. Developing the County Council’s capacity, including the capability of its leadership and the individuals within it
- F. Managing risks and performance through robust internal control and strong public financial management
- G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

The County Council’s Code of Corporate Governance specifically identifies the actions to be taken in relation to each of these principles. The Code, along with its supporting infrastructure is set out in diagrammatic form in the Appendix.

The Audit Committee is currently responsible for approving this Code and ensuring it is kept up to date.
