1. Executive Summary

1.1 The purpose of this report is to inform Members of the progress made towards the development of a Community Strategy (2017 – 2021) by the Police and Crime Commissioner and his office.

1.2 Members of the Panel are invited to note this report.

2. Background

2.1 In his Police and Crime Plan, the Police and Crime Commissioner gave a commitment to champion community needs and to work together with partners to create vibrant and inclusive communities. As part of this commitment, the Commissioner's office continues to develop a Community Strategy.

2.2 The Community Strategy seeks to identify how the Commissioner and his office can work more directly with communities and community organisations, so that communities can become more self-reliant in keeping themselves safer, more connected and better informed.

2.3 The Commissioner has identified a number of key principals which he wanted the new Community Strategy to follow; a bottom up approach, be developed with communities, be progressed with communities and be an overarching framework to all activities within his office.

3. Consultation & Methodology

3.1 To facilitate the creation of the Commissioner's Community Strategy, a small working group consisting of staff from teams across the Commissioner's office was formed. As community views would inform the development of the new strategy, it was agreed to engage with and consult with a range of individuals who represent communities or are actively part of communities to gather their views about what support communities needed to become self-reliant, better connected and better informed.

3.2 An online survey was produced which ran from 4 September until 31 December 2017. The survey was circulated amongst the voluntary sector, community safety managers, colleagues within local authorities who work with communities (particularly diverse communities) and every organisation which had bid for funding from the Commissioner's office during the previous three years. These groups and organisations were also asked to disseminate the survey amongst their network of contacts.

3.3 To gain as many responses as possible, the online survey was prominently displayed on the Commissioner's website. Paper copies of the survey were sent to libraries within each of the 14 council areas as well as to all the Citizen Advice Bureaus within Hampshire and the Isle of Wight, to NHS walk in centres and social housing providers.

3.4 With the help and support of the Youth Commission the survey was targeted at education institutions and young people's organisations to increase the number of young people completing the survey. The survey was also sent directly to BAME organisations and the Hampshire inter-faith network to increase participation and the response rate from diverse communities. The survey has been accessed by 1,702 people and represents one of the most successful surveys run by the Commissioner and his office.

3.5 Four facilitated workshops were held with community representatives who had expressed an interest through the survey to take part in workshops. The content of the workshops was partly determined by the headlines which were taken from the survey which was still active, and areas for further discussion determined by the working group. The purpose of the workshops was to explore in more detail the contents of the strategy. The workshops were held in accessible community venues and facilitated by staff from the Commissioner's office. The workshops were held on the following dates and venues:

- 28 October 2017 Basingstoke Discovery Centre
 Southampton Spectrum CIL
- 4 November 2017 Portsmouth John Pound Centre
 Newport (IOW) Quay Arts Centre

3.6 The Commissioner attended and opened the sessions in Basingstoke, Southampton and Newport. In total 37 people attended the workshops, 10 in Basingstoke, 8 in Southampton, 12 in Portsmouth and 7 on the Isle of Wight. Each session was recorded and transcribed to help inform the development of the Community Strategy. An overview of the Community Strategy development process can be viewed under **Appendix One**.
