138. **MINUTES OF THE MEETING OF THE RIVER HAMBLE HARBOUR MANAGEMENT COMMITTEE HELD ON 20 SEPTEMBER 2024**

The Board received and noted the draft minutes of the River Hamble Harbour Management Committee held on 20 September 2024.

139. **MARINE DIRECTOR AND HARBOUR MASTER'S REPORT AND CURRENT ISSUES**

The River Hamble Harbour Board received a report from the Marine Director that formally recorded RHHA patrol operations and informed the River Hamble Harbour Board of significant events and trends having a bearing on the Marine Safety Management System (item 7 on the agenda).

The Board learned of the outcome of the investigation into the damage of boats and detachment of moorings during Storm Nelson in March 2023. The Marine Director informed the Board that, following a change in the terms of the Crown Estate Licence, in February 2020, Mooring Holders are responsible for the costs associated with the removal and reinstatement of the 'works' on Crown Estate moorings by a Professional Contractor. This change was communicated to all Mooring Holders at the time. Concerns were raised by the Recreational Boating representative about the fairness to mooring holders of this Crown Estate policy given the expense involved. It was agreed that, although this matter falls outside the remit of the River Hamble Harbour Board, the Marine Director would pass on these concerns to the Crown Estate.

The Board also addressed issues related to Anti-Social behaviour, noting that the primary challenge is the public's lack of awareness on how and where to report such incidents. Members expressed disappointment over the insufficient prosecution rates despite substantial evidence suggesting that stricter enforcement could reduce future occurrences. The Marine Director advised that at the beginning of each summer, a meeting is held with Parish Councils, the Eastleigh Youth Options team, and the Police to co-ordinate management of Anti-Social behaviour. A post-summer review meeting is scheduled to evaluate the effectiveness of these strategies and identify areas for improvement. The Marine Director was requested to present the outcomes of this review at a future River Hamble Harbour Board meeting.

140. **ENVIRONMENTAL UPDATE**
