ROUTE INSPECTION FORM

ROUTE LOCATION **West Street to Mulfords Hill, Tadley**
FROM **The Orchard junction with West Street**
TO **Mulfords Hill junction with Stephens Road**

FINDINGS

ROUTE **SAFE**
DATE INSPECTED **25/04/2018**
NAME **Brian Cainey**
DISTANCE of ROUTE
Weather **Dry and sunny**

SUPPLEMENTARY COMMENTS

The route was walked from 7.45am to 7.56am on Wednesday 25th April 2018. The route starts at the junction of The Orchard and West Street and heads south-east along West Street. Initially there is no footpath, but step offs are available on the 45m (approx.) stretch between The Orchard and West Field Close. On crossing West Field Close there is a wide grass verge to walk on safely which continues for approximately 40m to the start of the footpath outside number 3 West Street. The route continues along the footpath to the junction of West Street and Pamber Heath Road.

Traffic was light, with 8.3 passenger car units passing in the 5 minutes that it took to walk along this stretch of the route.

On reaching Pamber Heath Road, the route continues south-westwards, continuing along Rowan Road to the roundabout on A340 Tadley Hill. The footpath continues along Tadley Hill and Mulfords Hill to the junction of Stephens Road. At this point there is a pelican crossing that can be used to cross Mulfords Hill.

A traffic census was not taken on this part of the route as there is continuous footpath and a safe crossing point at the pelican crossing, on Mulfords Hill. A 30mph speed limit is in place on the route.

Road Safety Ref : RS1718/04

Due to the provision of adequate step off points and grass verge on West Street between The Orchard and no. 3 West Street, and continuous footpaths along the rest of the route, this is considered available for a walked route.
