13 December 2018

I am writing to you in your capacity as Chair of the Home Affairs Select Committee.

On 6 September, HM Treasury announced that provisional results of the valuations of the public service pension schemes indicated that employer pension contributions would have to increase from April 2019. This is because of changes to the discount rate, which is used to assess the current cost of future payments from the schemes, to reflect the Office for Budget Responsibility's long-term growth forecasts.

At the Budget, the Government announced that it would allocate funding from the Reserve to pay part of the costs of increases in public sector pensions contributions. In 2019/20, we will provide £98.5m of specific grant funding to support the fire and rescue authorities in England with unexpected increases in pensions contributions. Decisions about additional pension costs in later years will be taken forward as part of the Spending Review.

We have consulted with the sector and will distribute the grant funding based on an average of employer pension contributions over the three-year period

2017/18 to 2019/20. The allocations of additional funding for each fire and rescue authority are set out in the Annex of this letter.

I am arranging for copies of this letter and the attached information to be placed in the libraries of both Houses.

A handwritten signature in blue ink, reading "Nick Hurd". The signature is written in a cursive, slightly stylized font.

The Pensions Regulator

Public Service Governance and Administration Survey 2018

This document is intended to be used as a guide to help you gather the information required for the survey. Please note, however, that we need you to complete the questionnaire through the [online survey link](#) contained in your invitation email.

Thank you for taking the time to complete this survey. Please answer the questions in relation to the scheme referenced in your invitation email. Where the scheme is locally administered, we mean the sub-scheme or fund administered by the local scheme manager.

Your responses will be kept anonymous unless you consent otherwise at the end of the survey. Linking your scheme name to your answers will help inform The Pension Regulator's (TPR's) engagement with you in the future.

This survey should be completed by the scheme manager or by another party on behalf of the scheme manager. They should work with the pension board chair to complete it, and other parties (e.g. the administrator) where appropriate.

There is a space at the end of the survey to add comments about your answers where you feel this would be useful.
