

Hampshire CCGs Partnership

Dr Nicola Decker
Dr Peter Bibawy

29 June 2017

Introduction

Partnership of:

- Fareham & Gosport CCG
- South Eastern Hampshire CCG
- North Hampshire CCG
- North East Hampshire & Farnham CCG

Together our 4 CCGs serve a population of 850,000 people with 87 member practices & responsibility for £1.1b of NHS funding

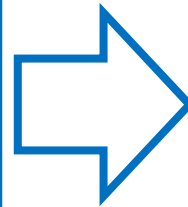

Working in 2 STPs

One Chief Executive and Leadership Team

The context in which we work is changing

From:

- Building a market and competition
- Winners and losers
- Sovereign organisations
- Independent providers and commissioners

To also:

- Building successful, well led, joined up systems
- Collective responsibility
- Blurring boundaries between commissioning and provision

- Evolving Accountable Care Systems
- Systems changing at different paces, in different ways, with different approaches
- CCGs playing a strong role in local systems and developing a strategic role across Hampshire

Rationale for our partnership

CCGs provide a strong local focus, engaging clinicians and patients to redesign services.

Working together as one team across four CCGs we are also able to make patient improvements by:

- Having greater leverage & influence
- Working more effectively with Hampshire County Council
- Increasing commissioning consistency
- Sharing talent and skills of our people
- Reducing duplication and costs
- Better supporting each local system

Hampshire wide service priorities

Continuing Health Care

Delayed Transfers of Care

Services for Children

**Mental Health and
Learning Disability
Services**

Simplifying how we work with Hampshire County Council and with West Hampshire CCG to deliver improvements in these important areas

Our priorities

Priority 1: Performance & Quality

To deliver the agreed operational performance and quality standards for our 850,000 population within the available resources

Priority 2: Service Improvement

To redesign services to bring about sustainable improvements in health outcomes, care quality and efficiency for our populations.

Priority 3: System Reform

To develop effective local care systems and the future arrangements for strategic commissioning, strategic planning and system assurance

Priority 4: People Development

To develop our people and member practices, our cultures and our leaders to enable innovation, excellence and high levels of staff satisfaction and productivity.

Priority 5: Establish the Partnership

To fully establish the CCG Partnership to enable the four CCGs to work together and use their combined strength and influence to deliver improvements for patients
