**Recommendation**

1. That an extension of time until 30 June 2020 is agreed for the satisfactory completion of the Section 106 Agreement to secure Ecological Protection and Restoration of the site, a revised Repair and Maintenance Scheme for Watery Lane (Byway Open to All Traffic (BOAT number 737) and a permissive path and that authority is delegated to the Director of Economy, Transport and Environment to grant permission in all other respects in accordance with the resolution made at the meeting held on 19 June 2019.

**Background**

2. This report relates to a planning application for extraction and processing of minerals, importation and treatment of inert materials, the erection of a concrete batching plant, workshop, offices, weighbridge and internal access to the A35 with progressive restoration using residual inert materials to agriculture, woodland and grassland at land at Roeshot, Christchurch. (Application No. 16/10618) (Site Ref: NF269).
3. The application was considered by Regulatory Committee on 19 June 2019 when it was resolved that: -
  - a. The Head of Law and Governance be authorised to draw up a Section 106 Agreement to secure the Ecological Protection and Restoration, the revised Repair and Maintenance Scheme for Watery Lane (Byway Open to All Traffic (BOAT number 737) and permissive path.
  - b. Provided that by 31 December 2019 all parties enter into the Section 106 Agreement with the County Council, authority be delegated to the

Director of Economy, Transport and Environment to GRANT permission subject to the conditions listed in Appendix A.

- c. In the event that the Section 106 Agreement is not completed by 31 December 2019 then the Director of Economy, Transport and Environment be authorised to refuse planning permission for that reason.
4. Since this decision, despite County Council officers and the applicant working together proactively to secure the necessary obligations, the Section 106 Agreement has not been completed.
5. Agreement has been reached on many of the issues and the applicant and their consultants are continuing to engage in discussions on the outstanding issues, but six months has proved to be insufficient time to complete what is a complex Agreement. However, the Agreement is at an advanced stage and it is anticipated that it will be completed during Spring 2020.
6. It is therefore requested that a further six-month period from 31 December 2019 until 30 June 2020, is provided for the satisfactory completion of the Section 106 Agreement.

### **Recommendation**

7. That an extension of time until 30 June 2020 is agreed for the satisfactory completion of the Section 106 Agreement to secure Ecological Protection and Restoration of the site, a revised Repair and Maintenance Scheme for Watery Lane (Byway Open to All Traffic (BOAT number 737) and a permissive path and that authority is delegated to the Director of Economy, Transport and Environment to grant permission in all other respects in accordance with the resolution made at the meeting held on 19 June 2019.
