

# HAMPSHIRE COUNTY COUNCIL

## Report

<b>Committee:</b>	Health and Adult Social Care Select Committee
<b>Date of Meeting:</b>	1 March 2021
<b>Report Title:</b>	Proposals to Develop or Vary Services
<b>Report From:</b>	Director of Transformation & Governance

**Contact name:** Members Services

**Tel:** 0370 779 0507      **Email:** [members.services@hants.gov.uk](mailto:members.services@hants.gov.uk)

### Purpose

1. The purpose of this report is to alert Members to proposals from the NHS or providers of health services to vary or develop health services provided to people living in the area of the Committee. At this meeting the Committee is receiving updates on the following topics:
  - a) Hampshire and Isle of Wight Partnership of Clinical Commissioning Groups: Integrated Primary Care Access Service update
  - b) Hampshire Hospitals NHS Foundation Trust: Trauma & Orthopaedics Transformation update
  - c) Hampshire and Isle of Wight Partnership of Clinical Commissioning Groups: Whitehill & Bordon Health and Wellbeing Hub update

### Recommendations

2. Summary of recommendations (the recommendations for each topic are also given under the relevant section below):
3. *Hampshire and Isle of Wight Partnership of Clinical Commissioning Groups: Integrated Primary Care Access Service update*

That the Committee:

- a) Note the update and request a further update in late 2021 regarding plans for these services from April 2022.
4. *Hampshire Hospitals NHS Foundation Trust: Trauma & Orthopaedics Transformation update*

That the Committee:

b) Note the update and request a further update in early 2022.

5. *Hampshire and Isle of Wight Partnership of Clinical Commissioning Groups: Whitehill & Bordon Health and Wellbeing Hub update*

That the Committee:

c) Note the update and request a further update in late 2021 if the situation has developed.

## Summary

6. Proposals that are considered to be substantial in nature will be subject to formal public consultation. The nature and scope of this consultation should be discussed with the Committee at the earliest opportunity.
7. The response of the Committee will take account of the Framework for Assessing Substantial Change and Variation in Health Services (version agreed at January 2018 meeting). This places particular emphasis on the duties imposed on the NHS by Sections 242 and 244 of the NHS Act 2006, includes new responsibilities set out under the Health and Social Care Act 2012, and takes account of key criteria for service reconfiguration identified by the Department of Health.
8. This Report is presented to the Committee in three parts:
- a. *Items for information:* these alert the Committee to forthcoming proposals from the NHS to vary or change services. This provides the Committee with an opportunity to determine if the proposal would be considered substantial and assess the need to establish formal joint arrangements
  - b. *Items for action:* these set out the actions required by the Committee to respond to proposals from the NHS or providers of health services to substantially change or vary health services.
  - c. *Items for monitoring:* these allow for the monitoring of outcomes from substantial changes proposed to the local health service agreed by the Committee.
9. This report and recommendations provide members with an opportunity to influence and improve the delivery of health services in Hampshire, and to support health and social care integration, and therefore assist in the delivery of the Joint Health and Wellbeing Strategy and Corporate Strategy aim that people in Hampshire live safe, healthy and independent lives.

## Items for Monitoring

### 10. **Hampshire and Isle of Wight Partnership of Clinical Commissioning Groups: Integrated Primary Care Access Service update**

#### *Context*

11. In September 2020 the Committee received an update on the Integrated Primary Care Access Service in South East Hampshire and requested a further update in Spring 2021. An update has been provided see attached. It had been expected that new arrangements would need to be in place by April 2021, however recent national announcements have delayed this to April 2022. Therefore the Clinical Commissioning Group proposes to continue the existing service for a further year, and develop plans for its successor over the coming year ready for April 2022.

#### *Recommendations*

12. That the Committee:

Note the update and request a further update in late 2021 regarding plans for these services from April 2022.

### 13. **Hampshire Hospitals NHS Foundation Trust: Trauma & Orthopaedics Transformation update**

#### *Context*

14. In September 2020 the Committee received an update on Orthopaedic Trauma Transformation and requested a further update in Spring 2021. An update has been provided see attached. Due to the impact of the pandemic, implementation of the new model has not progressed as planned due to changes to elective work. Once elective procedures are back up to capacity it will be possible to start demonstrating the benefits of the new approach.

#### *Recommendations*

15. That the Committee:

Note the update and request a further update in early 2022.

### 16. **Hampshire and Isle of Wight Partnership of Clinical Commissioning Groups: Whitehill & Bordon Health and Wellbeing Hub update**

### *Context*

17. The Committee last received an update on the Whitehill and Bordon Health and Wellbeing Hub in March 2020. At the request of Cllr Carew, the local Member, an update has been provided see attached.

### *Recommendations*

18. That the Committee:

Note the update and request a further update in late 2021 if the situation has developed.

## **EQUALITIES IMPACT ASSESSMENT:**

### **1. Equality Duty**

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

### **2. Equalities Impact Assessment:**

This is a covering report which appends reports under consideration by the Committee, therefore this section is not applicable to this covering report. The Committee will request appropriate impact assessments to be undertaken should this be relevant for any topic that the Committee is reviewing.
