

HAMPSHIRE COUNTY COUNCIL

Report

Committee:	Health and Adult Social Care Select Committee
Date:	21 September 2021
Title:	Issues Relating to the Planning, Provision and/or Operation of Health Services
Report From:	Chief Executive

Contact name: Members Services

Tel: 0370 779 0507

Email: members.services@hants.gov.uk

Purpose of this Report

1. This report provides Members with information about the issues brought to the attention of the Committee which impact upon the planning, provision and/or operation of health services within Hampshire, or the Hampshire population.
2. Where appropriate comments have been included and copies of briefings or other information attached. Where scrutiny identifies that the issue raised for the Committee's attention will result in a variation to a health service, this topic will be considered as part of the 'Proposals to Vary Health Services' report.
3. New issues raised with the Committee, and those that are subject to on-going reporting, are set out in Table One of this report.
4. Issues covered in this report:
 - Update on the development of Integrated Care Systems (ICS) in Hampshire and the Isle of Wight

Recommendations

5. The Committee note the update on the development of Integrated Care Systems (ICS) in Hampshire and the Isle of Wight and request a further update in January 2022.

Executive Summary

Table 1

Topic	Relevant Bodies	Action Taken	Comment
Update on the development of Integrated Care Systems (ICS) in Hampshire and the Isle of Wight	Hampshire Clinical Commissioning Groups (CCGs)	The HASC has been maintaining an overview of changes in how NHS commissioning is organised	In March 2021 the Committee received an update (2021-03-01 HASC CCG merger update.pdf (hants.gov.uk)) on plans for 6 of the CCGs in Hampshire to merge from April 2021. This update also highlighted that a Government White Paper outlined expectations that all parts of England establish Integrated Care Systems (ICS) on a non statutory basis in 21/22, expected to become statutory from April 2022. A review of the footprints of proposed ICS was undertaken in recent months and it was confirmed that the area under the North East Hampshire and Farnham CCG would come under the Frimley Health and Care ICS, while the remainder of the Hampshire area covered by Hampshire County Council would fall under the Hampshire and Isle of Wight ICS. An update on ICS developments has been provided for this meeting, see appendix.

Finance

6. Financial implications will be covered within the briefings provided by the NHS appended to this report, where relevant.

Performance

7. Performance information will be covered within the briefings provided by the NHS appended to this report where relevant.

Consultation and Equalities

8. Details of any consultation and equalities considerations will be covered within the briefings provided by the NHS appended to this report.

Climate Change Impact Assessment

9. Consideration should be given to any climate change impacts where relevant.

Conclusions

10. Hampshire County Council will need to work with both Integrated Care Systems. The Committee should keep informed of developments, to understand how this change impacts health commissioning and joint working between social care and health going forwards.

EQUALITIES IMPACT ASSESSMENT:

1. Equality Duty

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

2. Equalities Impact Assessment:

This is a covering report for items from the NHS that require the attention of the HASC. It does not therefore make any proposals which will impact on groups with protected characteristics.
