

REPORT OF THE
Cabinet
PART I

1. SERVING HAMPSHIRE'S RESIDENTS – STRATEGIC PLAN 2021 – 2025

- 1.1. At the County Council meeting of 30 September 2021, the Serving Hampshire's Residents – Strategic Plan 2021 – 2025 was considered and approved. In discussion of the item at the County Council meeting, concern was expressed regarding the absence of reference to sustainability in Outcome 1 linked to the absence of any reference to recycling and waste in the Strategy overall. Furthermore, reference to Outcomes One, Three and Four in the covering report did not have the same titles as in the Strategy. Following a proposal by the Leader, these points were discussed by Cabinet on 12 October 2021 during consideration of the Climate Change Annual Report.
- 1.2. Cabinet received confirmation that where wording differed between the Strategy and the covering report, the wording in the Strategy took precedence.
- 1.3. An additional recommendation was proposed and agreed, that:
Cabinet recognise the importance of waste minimisation through promotion of the circular economy as a key element of the climate change strategy and accordingly recommends that County Council amend Outcome One of the "Serving Hampshire's Residents – Strategic Plan 2021 – 2025" to reflect this, as detailed in the extract from the Strategic Plan attached to the Decision Record.

The full Cabinet Decision Record is attached to this Part I report for reference.

The agenda and minutes of Cabinet can be found at the following link:

[Cabinet, 12 October, 2021](#)

RECOMMENDATIONS

That the County Council:

- a. Amend Outcome One of the "Serving Hampshire's Residents – Strategic Plan 2021 – 2025" as detailed in the extract from the Strategic Plan attached to the Cabinet Decision Record.
