

other smaller sites to coppices and full woodlands where more land is available.

5. The funding will support the development of a Community Forest (a part of the Queen's Green Canopy) across Hampshire, supporting the planting of trees through direct funding but also through a Community Forest website and resource to encourage everyone in Hampshire to join in the tree planting in whatever capacity they can. Engagement with partner organisations will be key to the development of a Community Forest and the successful management of young trees to maturity.

Finance

6. The recommended awards can be met from within existing Invest in Hampshire budget provision.

Consultation and Equalities

7. A high-level Equalities Impact Assessment has been undertaken. The tree planting initiative will work to be as inclusive as possible in the development of a Community Forest.

Climate Change Impact Assessment

8. Hampshire County Council utilises two decision-making tools to assess the carbon emissions and resilience of its projects and decisions. These tools provide a clear, robust, and transparent way of assessing how projects, policies and initiatives contribute towards the County Council's climate change targets of being carbon neutral and resilient to the impacts of a 2°C temperature rise by 2050. This process ensures that climate change considerations are built into everything the Authority does.
9. The planting of trees contributes directly to carbon sequestration and offset. In certain locations and environments tree planting may also contribute to climate change mitigation.

EQUALITIES IMPACT ASSESSMENT:

1. Equality Duty

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic.
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

2. Equalities Impact Assessment:

A high-level Equalities Impact Assessment has been undertaken. The funding is intended to have a positive impact and advance equality where possible.
