Heatherside Infant School

Proposed reduction in PAN from 100 to 90.

The statutory consultation on this proposed PAN reduction ran from Monday 15 November until Friday 31 December.

The following responses were received:

1)	Subject: PAN Heatherside Infants For what it's worth, I support Heatherside Infant school reducing their PAN to 90. Best,
2)	Subject: Heatherside Infant School Hello, I just wanted to voice some concerns about the planned reduction in admission numbers in Heatherside infant school. There is currently a lot of building work in the area, and I notice that Tavistock infant school has also applied for a reduction in their PAN. It seems that low birth rates might well be negated by the huge increase in houses in the area. Our daughter is currently in Year 1 at Heatherside and my son is due to start in 2023 and we are out of catchment. We would be quite concerned as to what this would mean for him, as there is a reduced likelihood that he would join his sister at Heatherside. Best wishes,

*The above consultation was conducted by letter and email and added to the corporate list of active consultations:
