

HAMPSHIRE COUNTY COUNCIL

Regulatory Committee Meeting 7 September 2022

Update Report from Assistant Director of Minerals, Waste & Environment

Item No 6:

Construction of an explosives waste burning facility with perimeter bund at Hirtenberger Defence International Ltd, Craydown Lane, Stockbridge Middle Wallop SO20 8DX (Application No. 21/03512/CMAN Site Ref. TV262)

1) Consultations

In reference to paragraph 75 of the report, a comment was received from Councillor Drew on 5 September 2022 which is as follows:

"I'm content with this application to go ahead. I have spoken with the Parish Council about it and with their local knowledge it was accepted that the facility is well away from local residential areas and consequently is sited in an appropriate place.

I also understand that the site will be used occasionally, probably monthly, and that all the necessary rules and regulations will be adhered to."

As a result, paragraph 75 should be updated.

END
